Haiku Collection

The Haiku Collection is the result of a fruitful cooperation with the internationally well known and one of the hottest Dutch designers Marcel Wanders. This collection, named after the Japanese style of poetry, brings together surprising combinations of various materials, such as chrome, ceramics and wengé wood. Many items come with a magnet, so they cannot be easily moved or knocked over. In addition

to the items you would expect to find in a bathroom, the collection also includes a champagne cooler, a candelabra, vases and a photo frame. The collection consists of more than 40 products, all in the same design. Haiku is poetry in the bathroom. Irresistible bathroom jewels which will shine everywhere.

Visit www.geesa.com to request the Haiku-brochure.

Quality

Quality has proven to be of decisive importance in recent years, which is why we can offer a 12-year warranty period for our chrome products. The entire selection is developed in Amersfoort. Geesa is certified according to the ISO 9001-2008 standard for design, production and the delivery of bathroom accessories.

Design

Without losing any functionality, design is an important guide in everything that we do. Design surpasses functionality, it is our passion to become and remain authoritative in this in the international market.

We have ensured excellent partners throughout the world, who are available to advise and solve each and every bathroom challenge.
